Movies Recommended By Others

I asked Players on my email list to let me know if they knew about other movies they felt were supportive for playing the Phase 2 Game and the following were submitted.

I've watched the movies with asterisks (*) after them, but have not seen the ones without asterisks.

If I didn't move the movie to the list of movies I personally recommend, it's because from my own bias, I did not feel the entire movie was supportive enough to playing the Phase 2 Game (although one or scenes may have been).

However, my bias is just my bias, so you're invited to live in reactive mode and see if you feel moved to experience any of the additional movies recommended by others:
